COMPATIBILITY

Product may be compatible with herbicides and pesticides. Please check with the manufacturer. Please be aware that physical compatibility does not guarantee product efficacy.

APPLICATION GUIDE

Product is a granule that is designed to be applied through spreader or appropriate granule machine. It is not designed to be applied through irrigation systems. User assumes risk for operations outside design application parameters. DO NOT apply when conditions are extremely hot. Best applied in temperatures in the range of 5 - 25 degrees Celsius.

TYPICAL NUTRIENT ANALYSIS %(W/V)

N	P	K	S	Ca	Mg	C	Zn	B	Fe
1.03	0.499	1.3	0.218	2.98	0.516	8.98	0.018	0.0	0.83

PRODUCT USAGE RATES

Product usage rates will be dependent upon soil conditions and intended use. Contact your local authorised BioHub Solutions representative for advice. Please note that the product usage rates should only act as a general guide. BioHub Solutions Pty Ltd recommends that all products are applied after appropriate testing has been conducted so that correct products and rates can be recommended.

CONDITIONS OF SALE

These goods are manufactured and tested to specific standards and are sold in good faith, however, no guarantee is given as conditions and methods under which they are used are beyond the control of BioHub Solutions Pty Ltd. Before using, user should determine the suitability of the product for his or her intended use and user assumes the risk and liability in connection therewith.

Warning

KEEP OUT OF THE REACH OF CHILDREN

DO NOT SWALLOW. The spray from this product may act as an irritant.

Avoid inhalation and contact with the eyes and skin. Users are encouraged to seek further advice.

Storage

DO NOT STORE product in direct sunlight.

DO NOT STORE product in temperature below 5 degrees Celsius

DO NOT STORE near potential food sources such as fertiliser, chemicals, and biostimulants.

DO NOT STORE product in an open environment where moisture can enter the bag.
